

Workshop – 18th May

Create posters using Canva application - . www.canva.com

To create a poster with Canva, you can follow these steps:

1. Login to your Canva account and navigate to “Templates” and select “Posters”.
2. Choose a template you’d like to use and customize for your audience.
3. Modify images.
4. Change fonts.
5. Download your poster.

You can also create your own poster from a blank template if you have a concept in mind
